WILLIAM'S
DEN

Bespoke Corporate Away Days at William's Den

Set in the heart of the Yorkshire countryside, William's Den offers a truly unique setting for your next company away day – or what we like to call 'Play Away Days'.

Surrounded by rolling hills, natural play areas, open fields and charming woodland, it's a refreshing alternative to traditional venues – the perfect space to reconnect, recharge and regroup.

Just a short drive from Hull, York and Leeds, and with great motorway access, our private rural site gives your team a chance to escape the everyday and enjoy meaningful time together in nature.

Our dedicated Corporate Events team is on hand to create a bespoke away day that delivers real impact, whether you're looking for classic team-building challenges, light-hearted fun or a mix of both. From woodland scavenger hunts to time-trials and den-building showdowns, we design experiences that strengthen collaboration and boost morale.

With flexible catering options and drinks packages available, plus a range of indoor and outdoor spaces to use throughout the day, William's Den is a natural choice for companies looking to do things a little differently.
